

Finding an in-network provider through Healthcare Highways

Welcome to Healthcare Highways! We're honored to be your healthcare partner. Let's help you find your in-network provider.

Go to www.healthcarehighways.com and click on the "Find a Provider" button in the upper right of the screen.

A drop-down menu will appear with different networks listed. Be sure to match the network logo on the front of your member ID card with the one listed on the screen.

Example ID Card shown above. Check the "Medical Plan Network" section for your network logo. Match the network name with the listing in the drop down.

You've now accessed the provider search page. It's important to have your member ID card near by for reference when choosing your network.

Start your search by entering your search location. Provide an address, city, or zip. You also have the option to allow us to use your current location.

At any time you can check to make sure that your location and network information are correct. Do this by viewing what is displayed it in the upper right hand corner. It should reflect your location as well as your Healthcare Highways network selection next to the plan.
